

## Qualification

- M.Tech - Nanotechnology
- B.E. - Mechanical Engineering

## Practice Focus

### Patents (Mechanical Engineering)

Dhyumanth handles patent drafting, filing, and prosecution in the areas of mechanical, metallurgy, and nanotechnology. He also handles filing, and prosecution of Industrial Designs.

His background in research allows him to manage a wide range of patent matters in these technological fields. Additionally, Dhyumanth provides opinions on patentability, invalidity and Freedom-to-Operate.

Dhyumanth has research experience in nano fabrics, specifically creating polymer nano fabrics for hydrogen storage. He has also worked on a project involving high chrome nickel alloy.

Prior to joining K&S Partners, he worked as a design drafter at an engineering company.
