Practice Focus

Patents (Biotech & Biosciences)

Dr. Trupti Joshi works as a consultant for K&S Partners. Trupti is a registered Patent Agent with the U.S. Patent and Trademark Office (USPTO) and has more than ten years of experience in prosecuting patent applications before the USPTO. She specializes in the areas of biotechnology, life sciences, immunology, pharmaceuticals, chemistry, food, and nutrition. Trupti has drafted, prosecuted, and managed large patent portfolios in these technology areas.

Trupti regularly counsels clients ranging from start-ups, small to mid-size companies, and academic institutes on strategic development of patent portfolios. Trupti also advises clients on patentability, freedom to operate, technology landscape, and is also involved in infringement and invalidity analysis.

Prior to joining the firm, Trupti worked as a patent agent for more than ten years at prominent US law firms. Before practicing patent law, Trupti worked as a Post-Doctoral Fellow at the Johns Hopkins University.
