Patents (Computers and Electronics)

Practice Focus - Patents (Computer Science Engineering)

Dr Venkatesh Seshan is an associate with K&S Partners' patent practice's Electronics and Communication Engineering team. He has been practicing as a patent professional since 2015.

Venkatesh handles patent drafting and prosecution in the field of computers/ software, electronics, medical devices, semiconductors, security, emerging technologies, and telecommunication.

He has experience in handling patent matters in wide technology areas such as nanotechnology, IoT, cybersecurity, non-invasive medical devices, electronics, microelectronics, semiconductor, optoelectronics, telecommunication, elevator technology, artificial intelligence, unmanned aerial vehicle, FinTech, and power generation and transmission. He also provides opinions on patentability.

He works with multinational companies, reputed foreign IP law firms, MSMEs, start-ups and universities.

Venkatesh frequently conducts IP awareness workshops for start-ups, incubators, and institutes.

Prior to joining K&S Partners, Venkatesh worked as a Patent Attorney Trainee at a European IP firm.
