Practice Focus

Patents Computers and Electronics

Nisha is an associate with K&S Partners' patent practice's Electronics and Communication Engineering team. She handles patent drafting, and prosecution in wide technology areas of electronics, medical devices, semiconductors, media, e-commerce, digital systems, internet of things (IoT), Fintech, autonomous devices and telecommunications.

She has experience in handling matters related to inventory management, customer analytics, OTT platform, streaming services, interactive multimedia platform, mobile applications, digital media, digital payment, autonomous robots, image processing, IC manufacturing/design, machine learning and Artificial Intelligence.

She works with corporate clients, foreign associates, multinationals, MSMEs, start-ups, and educational institutions to obtain patent protection both within and outside India.

She also provides opinions on patentability and freedom-to-operate for Indian and foreign clients.

Nisha has more than 4 years' experience in the field of patents. Prior to joining K&S Partners, she worked in the patent drafting team of a reputed IP firm.
