Practice Focus

Patents (Computers and Electronics)

Practice Focus – Patents (Computers and Electronics Engineering)

Priyanka handles patent drafting and filing in the areas of computer and electronics.

She has experience in handling patent matters in wide technology areas of artificial intelligence, machine learning, computer networking, data mining, IoT/smart devices, sensor technologies, digital payments, image processing, virtual, mobile and web applications, optical devices, biomedical equipment, and electromechanics.

Priyanka assists Indian and foreign clients to obtain patent protection both within and outside India. She also provides opinions on patentability, and freedom-to-operate.

She works with corporate clients, foreign associates, multinationals, MSMEs, start-ups, and educational institutions and universities.
