Practice Focus

Patents Computers and Electronics

Puja is an associate with K&S Partners' patent practice's Electronics and Communication Engineering team. She has been practicing law since 2020.

Puja is involved in drafting, filing and prosecution of patent applications in the areas of electronics, communication, and computer engineering.

She has experience in handling patent matters in wide technology areas of 4G/5G communication, smart and IoT devices, machine learning, artificial intelligence (AI), neural networks, blockchain, mobile applications, digital payments, cloud computing, data structures, data analytics, audio video codec, electrical vehicles (EVs), data classification, antenna systems, image processing techniques, streaming media, optical devices, biomedical equipment, etc.

Puja also provides opinions on patentability analysis and manages patents portfolios for Indian and foreign clients. She works with corporate clients, foreign associates, multinationals, MSMEs, start-ups, and universities to obtain patent protection both in India and outside India.

Prior to joining the firm, Puja was involved in patent prosecution in the US and European jurisdictions.
