Practice Focus

Litigation

Sarah practices as a litigator in the field of Intellectual Property Laws, and regularly assists in enforcement, protection and dispute resolution for various multinational and domestic clients and regularly assists in the patent enforcement and dispute resolution on a wide range of areas, specifically in the field of Electronics, Pharmaceuticals, Biopharmaceuticals, and Telecommunications and related technologies. She is also responsible for assisting clients with licensing of patents, as well as for IP transactions and commercialization of patent portfolios.

In addition to patent enforcement and management, Sarah also handles litigation arising out of infringement of designs, trademarks, copyrights as well as breach of confidential information.

She also advises on national and international patent strategies, regulatory issues, technology transfer arrangements and supports clients in effective management of IP portfolios including structuring and maintaining their licensing programs.

She regularly appears before the Indian Patent & Design Office, Intellectual Property Appellate Board, various High Courts and Supreme Court in connection with patent and design prosecution, opposition and enforcement.

Prior to joining the firm in 2020, Sarah assisted Mr Dushyant Dave, Senior Advocate, and practiced appellate-side litigation, primarily commercial and constitutional, in various Courts and Tribunals in Delhi, and dispute resolution.
