Practice Focus – Patents & Designs (Electronics and Communication Engineering)

Senthil handles patent drafting, filing and prosecution in the areas of electronics, communications and computer engineering. He also handles filing and prosecution of industrial designs.

He has experience in handling patent matters in wide technology areas such as digital payments and targeted content.

Senthil also provides opinions on patentability, freedom-to-operate, due diligence and infringement analysis.

He involves in appeal matters before the High Court in respect of Standard Essential Patents (SEPs).

He also manages patents and design portfolios for Indian and foreign clients.

He works with corporate clients, multinationals, MSMEs, start-ups, educational institutes and universities.

He regularly appears before the Indian Patent Office in connection with prosecution and oppositions of patent applications.
