Practice Focus

Patents Computers and Electronics

Sudhanshu is an associate with K&S Partners' patent practice's Electronics and Communication Engineering team. He has been practicing law since 2019.

Sudhanshu is involved in drafting, filing and prosecution of patent applications in the areas of electronics, communication, and computer engineering.

He has experience in handling patent matters in wide technology areas of 4G/5G communication, smart and IoT devices, machine learning, artificial intelligence (AI), neural networks, blockchain, mobile applications, digital payments, cloud computing, data structures, data analytics, audio video codec, electrical vehicles (EVs), data classification, antenna systems, image processing techniques, streaming media, optical devices, biomedical equipment, etc.

Sudhanshu also provides opinions on patentability, freedom-to-operate, due diligence and infringement analysis and manages patents portfolios for Indian and foreign clients. He works with corporate clients, foreign associates, multinationals, MSMEs, start-ups, and universities to obtain patent protection both in India and outside India.

Sudhanshu regularly appears before the Indian Patent Office in connection with prosecution of patent applications.

Prior to joining K&S Partners, Sudhanshu worked as a software engineer at an international information technology services and consulting company before becoming a Patent Attorney. Additionally, he has worked with reputable IPR law firms in the past.
