

**Qualification**

- B. Tech in Electronics and Communication

**Practice Focus****Patents (Computers and Electronics)**

Manish Sharma started his career in the field of Patents since 2015. As a Senior Associate at K&S Partners, he specializes in drafting, filing, and prosecuting patent applications in various engineering domains such as electronics, communications, computer science, and related fields. He also handles claim chart matters and provides opinions on infringement analysis, patentability, invalidity, validity and enforcement of patents.

He has experienced in handling patent matters in wide technology areas of 4G/5G communication, Artificial Intelligence (AI), machine learning (ML), neural networks, communication network, image processing techniques, IoT/smart devices, wired and wireless technologies, smart home technologies, streaming, audio video codec, video processing, virtual gaming platform, graphics, virtual reality (VR), augmented reality (AR), mobile applications, biomedical equipment, automotive electronics, and electromechanics.

Manish has worked with corporate clients, foreign associates, multinationals, MSMEs, start-ups, and educational institutions and universities to secure patent protection for their inventions, both in India and abroad.

Before joining K&S Partners, Manish was a patent professional in a Gurugram based firm and a reputable IPR law firm.
