Practice Focus

Patents (Pharma and Chemistry)

Yoganjaneyulu has been practicing as a patent professional since 2011, possessing over 12 years of relevant experience. At K&S Partners, he assists in the drafting and prosecution of patents in the areas of pharmaceuticals, medical diagnostics, therapeutics, nanotechnology, chemistry, bioinformatics, and biotechnology.

He also handles opinions on the validity and enforcement of patents, infringement analysis, freedom to operate, patent and technology landscape searches, claims mapping, and the study and analysis of technology to determine patentability through literature searches. He is also well-versed in handling chemical search databases such as STN, SciFinder, Reaxys, etc.

Before joining the firm, he worked for three years with a leading knowledge process outsourcing company in India and as an academician at a pharmacy college.
