Practice Focus

Patents (Computers and Electronics)

Neilotpal handles patent drafting and prosecution in Electronics, communication, and computer science. He has been practicing in the field of Intellectual Property rights since 2021.

He has experience in patent drafting and prosecution, including Augmented Reality (AR), Virtual Reality (AR), and Artificial Intelligence-Machine Learning (AI-ML) related systems, and automotive systems such as Battery Management System (BMS) and Advanced Driver Assistance System (ADAS), as well as in other domains such as mechanical and electrical engineering. He also provides opinions on patentability, validity, and infringement for Indian and foreign clients and assists in obtaining patent protection in India and abroad.

In previous roles, Neilotpal worked on patent searching, drafting, prosecution, and infringement (SEP & non-SEP) litigation, opinions regarding infringement analysis for patents and trademarks, and trademark infringement litigation.
