### Practice Focus

Patents (Computers and Electronics)

Rachita Singh handles patent drafting, filing and prosecution in the areas of electronics, communications and computer engineering. She also handles filing and prosecution of industrial designs.

She has experience in handling Patent matters in wide ranging areas of telecommunication, 4G/5G/6G communication, wired and wireless technologies, embedded systems, semiconductors, Internet of Things (IoT), Automotive Electronics, and optical fibers.

She regularly appears before the Indian Patent Office in connection with prosecution and oppositions of patent applications.

She works with corporate clients, multinationals, MSMEs, start-ups, educational institutes and universities to obtain patent protection both in India and outside India.

She also provides opinions on patentability, freedom-to-operate, due diligence and infringement analysis. Prior to joining the firm, she was a patent professional in a Delhi based reputable IPR law firm.
