

ANIKET NIMBARTE

Partner - Patent (Computers & Electronics, Design)

Patent Protection and Strategic Advisory in Electronics, Communications and Computer Science

Aniket has extensive experience in handling patent matters across electronics, communications, computer science, artificial intelligence, semiconductors, and automotive technologies.

QUALIFICATIONS

- LL.B
- M.Tech. (VLSI Design)
- B.E. (Electronics and Telecommunication)

Registered Patent Agent

PRACTICE AREAS

- Patents (Computer Science Engineering)

EXPERTISE

- Artificial Intelligence & Machine Learning
- 4G/5G & Communication Networks
- Semiconductors & VLSI Design
- IoT & Smart Devices
- Image & Video Processing
- Blockchain
- Virtual & Augmented Reality
- Mobile & Web Applications
- Automotive Electronics & Lighting
- Electromechanical Systems

SUBJECT EXPERT

Advises clients on patent protection strategies across patents, designs, and related intellectual property matters.

INDUSTRY EXPERIENCE

Extensive experience representing clients before the Indian Patent Office in prosecution and opposition proceedings.
